RESEARCH SUMMARY

565	4,460	27	127	0.70	5%
Publications	Citations	h-index	i10-index	Field-weighted impact	World top 10%

Counted from the 565 publications listed below, 1970–2026. Field-weighted impact is the mean over the 322 works scored for it; 1.00 is the world average for works of the same field, type and year. 15 of the 322 papers scored for it are among the world's most cited tenth for their field, type and year.
