PROFILE

Helena Osei-Egyir is a doctoral candidate at the Department of History and Political Studies, Kwame Nkrumah University of Science and Technology, Kumasi. Her research interests are centered around gender relations in Asante, education in Asante, female traditional rulership and environmental history. Her doctoral dissertation looks at how man has utilized forests for his social, economic, spiritual and healthcare needs. Particularly, she employs an interdisciplinary approach to analyze the socio-ecological drivers of forest cover change in the Bobiri Forest Reserve of Ghana.
