RESEARCH

Interests	Medical Sociology · Medical Anthropology · Qualitative research · Health research · culture and health
Areas	General Health Professions · Infectious Diseases · Sociology and Political Science · Public Health, Environmental and Occupational Health · Safety Research · Economics and Econometrics

RESEARCH SUMMARY

63	492	11	14	1.59	21%
Publications	Citations	h-index	i10-index	Field-weighted impact	World top 10%

Counted from the 63 publications listed below, 2012–2026. Field-weighted impact is the mean over the 53 works scored for it; 1.00 is the world average for works of the same field, type and year. 11 of the 53 papers scored for it are among the world's most cited tenth for their field, type and year.
